Eligibility & Enrollment

You are eligible to enroll in the Greater Los Angeles Realtors' Association plan at any time. Coverage will begin first of the month following your enrollment date.

You are permitted to make changes to your benefits outside of the Open Enrollment period as these benefits are 100% voluntary and member paid. Therefore, if your coverage needs change during the year, you have the ability to enroll or cancel coverage at any time. While you may cancel at any time, you are not able to re-enroll in the plan until the following open enrollment period, which typically occurs in November.

If you do have a status change, please make sure you update your coverage as soon as possible.

You may elect to "waive" medical/dental/and/or vision coverage if you have access to coverage through another plan.

After you have reviewed the *Benefits at a Glance* guide, and the coverage documents available on the member portal, you can utilize the [Employee Self-Service Portal](#) to enroll.

For MEC claims:

To receive the services included with the MEC plan, you must use a network provider who will file the claim.

For GLI claims:

If you assign benefits to the provider:

- Provider submits the claim to the address on your ID card.
- Claim is processed and payment is sent to the provider.

If you do not assign benefits to the provider:

- You request an itemized bill from the provider.
- You submit the itemized bill to the address on your ID card or via email at beazleyclaims@healthplan.com (no claim form required).
- Claim is processed and payment is sent to you.

*Group Limited Indemnity is not major medical insurance. GLI is not PPACA compliant. A 6 month pre-existing condition limitation applies. Pre-existing condition means any sickness, disease, or physical condition for which the insured 1) had treatment, or 2) received a diagnosis or advice from a physician, during the pre-existing condition period. Once the insured has been covered under the plan for 6 months, pre-existing conditions will be covered as any other sickness.
